Section I. Instructions to Tenderers

A. General

- 1. Scope of Tender**
- 1.1 In connection with the Notice Inviting Tender (NIT) indicated in the **Tender Data Sheet (TDS)**, the Purchaser, as specified in the **TDS**, issues this Tender Document for the supply of Goods and, if applicable, any Related Services incidental thereto, as specified in Section VII, Schedule of Requirements. The name, identification and number of lots (contracts) of this tender are specified in the **TDS**.
- 1.2 Throughout this Tender Document:
- (a) the term “in writing” means communicated in written form (e.g., by mail, e-mail, fax, including if specified in the **TDS**, distributed or received through the electronic procurement system used by the Purchaser) with proof of receipt;
 - (b) if the context so requires, “singular” means “plural” and vice versa;
 - (c) “Day” means calendar day, unless otherwise specified as “Business Day.” A Business Day is any day that is an official working day of the Recipient. It excludes the Recipient’s official public holidays; and
 - (d) the word “tender” is synonymous with “bid” and “tenderer” with “bidder”, and the words “tender documents” with “bidding documents.”
- 2. Source of Funds**
- 2.1 The Recipient specified in the **TDS** has applied for or received financing (hereinafter called “funds”) from the Asian Infrastructure Investment Bank (hereinafter called “AIIB” or “the Bank”) in an amount specified in the **TDS**, toward the project named in the **TDS**. The Recipient intends to apply a portion of the funds to eligible payments under the contract for which this Tender Document is issued.
- 2.2 Payment by the Bank will be made only at the request of the Recipient and upon approval by the Bank in accordance with the terms and conditions of the Loan (or other financing) Agreement. The Loan (or other financing) Agreement prohibits a withdrawal from the Loan account for the purpose of any payment to persons or entities, or for any import of goods, if such payment or import is prohibited by decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations. No party other than the Recipient shall derive any rights from the

Loan (or other financing) Agreement or have any claim to the proceeds of the Loan (or other financing).

3. Prohibited Practices

3.1 The Purchaser requires compliance with Policy on Prohibited Practices as set forth in Section VI.

3.2 In further pursuance of this policy, Tenderers shall permit and shall cause their agents (whether declared or not), subcontractors, subconsultants, service providers, suppliers and their personnel, to permit the Purchaser to inspect all accounts, records and other documents relating to any initial selection process, prequalification process, tender submission, proposal submission and contract performance (in the case of award), and to have them audited by auditors appointed by the Purchaser.

4. Eligible Tenderers

4.1 A Tenderer may be a firm that is a private entity, a state-owned enterprise or institution subject to ITT 4.6, or any combination of such entities in the form of a joint venture (JV) under an existing agreement or with the intent to enter into such an agreement supported by a letter of intent. In the case of a JV, all members shall be jointly and severally liable for the execution of the entire Contract in accordance with the Contract terms. The JV shall nominate a Representative who shall have the authority to conduct all business for and on behalf of any and all the members of the JV during the tendering process and, in the event the JV is awarded the Contract, during contract execution. Unless specified in the **TDS**, there is no limit on the number of members in a JV.

4.2 A Tenderer shall not have a conflict of interest. Any Tenderer found to have a conflict of interest shall be disqualified. A Tenderer may be considered to have a conflict of interest for the purpose of this Tendering process, if the Tenderer:

- (a) directly or indirectly controls, is controlled by or is under common control with another Tenderer; or
- (b) receives or has received any direct or indirect subsidy from another Tenderer; or
- (c) has the same legal representative as another Tenderer; or
- (d) has a relationship with another Tenderer, directly or through common third parties, that puts it in a position to influence the Tender of another Tenderer, or influence the decisions of the Purchaser regarding this tendering process; or
- (e) or any of its affiliates participated as a consultant in the preparation of the design or technical specifications of the Goods that are the subject of the Tender; or

- (f) or any of its affiliates has been hired (or is proposed to be hired) by the Purchaser or Recipient for the Contract implementation; or
 - (g) would be providing goods, works or non-consulting services resulting from or directly related to consulting services for the preparation or implementation of the project specified in the TDS ITT 2.1 that it provided or were provided by any affiliate that directly or indirectly controls, is controlled by, or is under common control with that firm; or
 - (h) has a close business or family relationship with a professional staff of the Purchaser who: (i) are directly or indirectly involved in the preparation of the Tender Document or specifications of the Contract, and/or the tender evaluation process of such Contract; or (ii) would be involved in the implementation or supervision of such Contract, unless the conflict stemming from such relationship has been resolved in a manner acceptable to the Purchaser throughout the tendering process and execution of the Contract; or
 - (i) is an affiliate of the Purchaser, or of a procurement agent engaged by the Purchaser, unless the Recipient demonstrates to the satisfaction of the Purchaser that there is no significant degree of common ownership, influence or control between the Recipient on the one hand, and the Recipient's agent and the affiliate on the other.
- 4.3 A firm that is a Tenderer (either individually or as a JV member) shall not participate in more than one Tender, except for permitted alternative Tenders. Such participation shall result in the disqualification of all Tenders in which the firm is involved. However, this does not limit: (a) the inclusion of the same Subcontractor in more than one Tender for the same contract; or (b) the ability of one Tenderer to be a Subcontractor in another Tender for the same contract.
- 4.4 A Tenderer may have the nationality of any country, subject to the restrictions pursuant to ITT 4.8. A Tenderer shall be deemed to have the nationality of a country if the Tenderer is constituted, incorporated or registered in and operates in conformity with the provisions of the laws of that country, as evidenced by its articles of incorporation (or equivalent documents of constitution or association) and its registration documents, as the case may be. This criterion also shall apply to the determination of the nationality of proposed subcontractors or subconsultants for any part of the Contract including related Services.

- 4.5 A Tenderer that has been declared, and remains, as at the relevant date, ineligible pursuant to the Purchaser's Policy on Prohibited Practices as described in Section VI, shall be ineligible to be prequalified for, initially selected for, tender for, propose for, or be awarded a Purchaser-financed contract, or benefit from a Purchaser-financed contract, financially or otherwise, during such period of time as the Purchaser shall have determined.
- 4.6 Tenderers that are state-owned enterprises or institutions in the Purchaser's Country may be eligible to compete and be awarded a Contract(s) only if they can establish, that they (i) are carrying out or are established for a business purpose, and are operating on a commercial basis; (ii) are financially and managerially autonomous; (iii) are not controlled by the government on day-to-day management and (iv) are not under the supervision of the Purchaser or its procuring agency.
- 4.7 A Tenderer shall not be under suspension from tendering by the Purchaser as the result of the operation of a Tender-Securing Declaration or Proposal-Securing Declaration.
- 4.8 Firms and individuals may be ineligible if so indicated in Section V and (a) as a matter of law or official regulations, the Recipient's country prohibits commercial relations with the firm or individual's country, provided that the Bank is satisfied that such exclusion does not preclude effective competition for the supply of goods or the contracting of works or services required; or (b) by an act of compliance with a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations, the Recipient's country prohibits any import of goods or contracting of works or services from the firm or individual's country, or any payments to any country, person or entity in that country.
- 4.9 A Tenderer shall provide such documentary evidence of eligibility satisfactory to the Purchaser, as the Purchaser shall reasonably request.
- 4.10 A firm that is under a sanction of debarment by the Recipient from being awarded a contract is eligible to participate in this procurement, unless the Bank, at the Recipient's request, is satisfied that the debarment:
- (a) relates to fraud or corruption or prohibited practices; and
 - (b) followed a judicial or administrative proceeding that afforded the firm adequate due process.

- 5. Eligible Goods and Related Services**
- 5.1 All the Goods and Related Services to be supplied under the Contract and financed by the Purchaser may have their origin in any country subject to the restrictions specified in Section V, Eligible Countries.
- 5.2 For purposes of this ITT, the term “goods” includes commodities, raw material, machinery, equipment and industrial plants; and “related services” includes services such as insurance, installation, training and initial operation and maintenance.
- 5.3 The term “origin” means the country where the goods have been mined, grown, cultivated, produced, manufactured or processed; or, through manufacture, processing or assembly, another commercially recognized article result that differs substantially in its basic characteristics from its components.

The forms must be completed without any alterations to the text, and no substitutes shall be accepted except as provided under ITT 20.3. All blank spaces shall be filled in with the information requested.
- 13. Alternative Tenders**
- 13.1. Unless otherwise specified in the **TDS**, alternative Tenders shall not be considered.

- 14.7 The terms EXW, CIP and other similar terms shall be governed by the rules prescribed in the current edition of Incoterms,

published by the International Chamber of Commerce, as specified in the **TDS**.

14.8 Prices shall be quoted as specified in each Price Schedule included in Section IV, Tender Forms. The disaggregation of price components is required solely for the purpose of facilitating the comparison of Tenders by the Purchaser. This shall not in any way limit the Purchaser's right to contract on any of the terms offered. In quoting prices, the Tenderer shall be free to use transportation through carriers registered in any eligible country, in accordance with Section V, Eligible Countries. Similarly, the Tenderer may obtain insurance services from any eligible country in accordance with Section V, Eligible Countries. Prices shall be entered in the following manner:

- other import taxes already paid or to be paid on the Goods already imported;

 - (iii) the price of the Goods, obtained as the difference between (i) and (ii) above;
 - (iv) any Purchaser's Country sales and other taxes which will be payable on the Goods if the Contract is awarded to the Tenderer; and
 - (v) the price for inland transportation, insurance and other local services required to convey the Goods from the named place of destination to their final destination (Project Site) specified in the **TDS**.
- (d) For Related Services, other than inland transportation and other services required to convey the Goods to their final destination, whenever such Related Services are specified in the Schedule of Requirements, the price of each item comprising the Related Services (inclusive of any applicable taxes).
- 15. Currencies of Tender and Payment** 15.1 The currency(ies) of the Tender and the currency(ies) of payments shall be the same and shall be as specified in the **TDS**.
- 16. Documents Establishing the Eligibility and Conformity of the Goods and Related Services**
- 16.1 To establish the eligibility of the Goods and Related Services in accordance with ITT 5, Tenderers shall complete the country-of-origin declarations in the Price Schedule Forms, included in Section IV, Tender Forms.
- 16.2 To establish the conformity of the Goods and Related Services to the tendering document, the Tenderer shall furnish as part of its Tender the documentary evidence that the Goods conform to the technical specifications and standards specified in Section VII, Schedule of Requirements.
- 16.3 The documentary evidence may be in the form of literature, drawings or data, and shall consist of a detailed item by item description of the essential technical and performance characteristics of the Goods and Related Services, demonstrating substantial responsiveness of the Goods and Related Services to the technical specification, and if applicable, a statement of deviations and exceptions to the provisions of the Section VII, Schedule of Requirements.
- 16.4 The Tenderer shall also furnish a list giving full particulars, including available sources and current prices of spare parts,

special tools, etc., necessary for the proper and continuing functioning of the Goods during the period specified in the **TDS** following commencement of the use of the Goods by the Purchaser.

16.5 Standards for workmanship, process, material and equipment, as well as references to brand names or catalogue numbers specified by the Purchaser in the Schedule of Requirements, are intended to be descriptive only and not restrictive. The Tenderer may offer other standards of quality, brand names and/or catalogue numbers, provided that it demonstrates, to the Purchaser's satisfaction, that the substitutions ensure substantial equivalence or are superior to those specified in the Section VII, Schedule of Requirements.

**17. Documents
Establishing the
Eligibility and
Qualifications of
the Tenderer**

17.1 To establish Tenderer's eligibility in accordance with ITT 4, Tenderers shall complete the Letter of Tender, included in Section IV, Tender Forms.

17.2 The documentary evidence of the Tenderer's qualifications to perform the Contract if its Tender is accepted shall establish to the Purchaser's satisfaction:

- (a) that, if required in the **TDS**, a Tenderer that does not manufacture or produce the Goods it offers to supply shall submit the Manufacturer's Authorization using the form included in Section IV, Tender Forms to demonstrate that it has been duly authorized by the manufacturer or producer of the Goods to supply these Goods in the Purchaser's Country;
- (b) that, if required in the **TDS**, in case of a Tenderer not doing business within the Purchaser's Country, the Tenderer is or will be (if awarded the Contract) represented by an Agent in the country equipped and able to carry out the Supplier's maintenance, repair and spare parts-stocking obligations prescribed in the Conditions of Contract and/or Technical Specifications; and
- (c) that the Tenderer meets each of the qualification criterion specified in Section III, Evaluation and Qualification Criteria.

**18. Period of Validity
of Tenders**

18.1. Tenders shall remain valid for the Tender validity period specified in the **TDS**. The Tender validity period starts from the date fixed for the Tender submission deadline (as prescribed by the Purchaser in accordance with ITT 22). A Tender valid for a shorter period shall be rejected by the Purchaser as nonresponsive.

18.2. In exceptional circumstances, prior to the expiration of the Tender validity period, the Purchaser may request Tenderers to extend the period of validity of their Tenders. The request and the responses

shall be made in writing. If a Tender Security is requested in accordance with ITT 19, it shall also be extended for a corresponding period. A Tenderer may refuse the request without forfeiting its Tender Security. A Tenderer granting the request shall not be required or permitted to modify its Tender, except as provided in ITT 18.3.

- 18.3. If the award is delayed by a period exceeding fifty-six (56) days beyond the expiry of the initial Tender validity period, the Contract price shall be determined as follows:
- (a) In the case of fixed price contracts, the Contract price shall be the Tender price adjusted by the factor specified in the **TDS**.
 - (b) In the case of adjustable price contracts, no adjustment shall be made.
 - (c) In any case, Tender evaluation shall be based on the Tender price without taking into consideration the applicable correction from those indicated above.

The Tender Security shall be valid for twenty-eight (28) days beyond

the original validity period of the Tender, or beyond any period of extension if requested under ITT 18.2.

- 19.4. If a Tender Security or Tender-Securing Declaration is specified pursuant to ITT 19.1, any Tender not accompanied by a substantially responsive Tender Security or Tender-Securing Declaration shall be rejected by the Purchaser as non-responsive.
- 19.5. If a Tender Security is specified pursuant to ITT 19.1, the Tender Security of unsuccessful Tenderers shall be returned as promptly as possible upon the successful Tenderer's signing the Contract and furnishing the Performance Security pursuant to ITT 46.
- 19.6. The Tender Security of the successful Tenderer shall be returned as promptly as possible once the successful Tenderer has signed the Contract and furnished the required Performance Security.

26.3 Notwithstanding ITT 26.2, from the time of Tender opening to the time of Contract Award, if any Tenderer wishes to contact the Purchaser on any matter related to the Tendering process, it should do so in writing.

27. Clarification of Tenders

27.1 To assist in the examination, evaluation, comparison of the Tenders and qualification of the Tenderers, the Purchaser may, at its discretion, ask any Tenderer for a clarification of its Tender. Any clarification submitted by a Tenderer in respect to its Tender and that is not in response to a request by the Purchaser shall not be considered. The Purchaser's request for clarification and the response shall be in writing. No change, including any voluntary increase or decrease, in the prices or substance of the Tender shall be sought, offered or permitted, except to confirm the correction of arithmetic errors discovered by the Purchaser in the evaluation of the Tenders, in accordance with ITT 31.

27.2 If a Tenderer does not provide clarifications of its Tender by the date and time set in the Purchaser's request for clarification, its Tender may be rejected.

28. Deviations, Reservations and Omissions

(c) "Omission" is the failure to submit part or all of the information or documentation required in the Tender Document.

29. Determination of Responsiveness

29.1 The Purchaser's determination of a Tender's responsiveness is to be based on the contents of the Tender itself, as defined in ITT 11.

29.2 A substantially responsive Tender is one that meets the requirements of the Tender Document without material deviation, reservation or omission. A material deviation, reservation or omission is one that:

(a) if accepted, would:

- (i) affect in any substantial way the scope, quality or performance of the Goods and Related Services specified in the Contract; or
 - (ii) limit in any substantial way, inconsistent with the Tender Document, the Purchaser's rights or the Tenderer's obligations under the Contract; or
- (b) if rectified, would unfairly affect the competitive position of other Tenderers presenting substantially responsive Tenders.

29.3 The Purchaser shall examine the technical aspects of the Tender submitted in accordance with ITT 16 and ITT 17, in particular, to confirm that all requirements of Section VII, Schedule of Requirements, have been met without any material deviation, reservation or omission.

29.4 If a Tender is not substantially responsive to the requirements of Tender Document, it shall be rejected by the Purchaser and may not subsequently be made responsive by correction of the material deviation, reservation or omission.

30. Nonmaterial Nonconformities

30.1 Provided that a Tender is substantially responsive, the Purchaser may waive any nonconformities in the Tender.

30.2 Provided that a Tender is substantially responsive, the Purchaser may request that the Tenderer submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial nonconformities or omissions in the Tender related to documentation requirements. Requesting information or documentation on such nonconformities or omissions shall not be related to any aspect of the price of the Tender. Failure of the Tenderer to comply with the request may result in the rejection of its Tender.

30.3 Provided that a Tender is substantially responsive, the Purchaser shall rectify quantifiable nonmaterial nonconformities related to the Tender Price. To this effect, the Tender Price shall be adjusted, for comparison purposes only, to reflect the price of a missing or nonconforming item or component in the manner specified in the **TDS**.

31. Correction of Arithmetical Errors

31.1 Provided that the Tender is substantially responsive, the Purchaser shall correct arithmetical errors on the following basis:

- (a) If there is a discrepancy between the unit price and the line-item total that is obtained by multiplying the unit price and the quantity, the unit price shall prevail and the total price shall be corrected, unless in the opinion of the Purchaser there is an obvious misplacement of the decimal point in the

unit price, in which case the total price as quoted shall govern and the unit price shall be corrected.

- (b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail, and the total shall be corrected.
- (c) If there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetical error, in which case the amount in figures shall prevail subject to (a) and (b) above.

31.2 Tenderers shall be requested to accept correction of arithmetical errors. Failure to accept the correction in accordance with ITT 31.1, shall result in the rejection of the Tender.

32. Conversion to Single Currency

32.1 For evaluation and comparison purposes, the currencies of the Tender shall be converted into a single currency as specified in the **TDS**.

33. Provisions for Development of Domestic Industry

33.1 Unless otherwise specified in the **TDS**, provisions for development of domestic industry shall not apply.

34. Evaluation of Tenders

34.1 The Purchaser shall use the criteria and methodologies listed in this ITT and Section III, Evaluation and Qualification criteria. No other evaluation criteria or methodologies shall be permitted. By applying the criteria and methodologies, the Purchaser shall determine the Most Advantageous Tender in accordance with ITT 41.

34.2 To evaluate a Tender, the Purchaser shall consider the following:

- (a) evaluation will be done for Items or Lots (contracts), as specified in the **TDS**; and the Tender Price as quoted in accordance with ITT 14;
- (b) price adjustment for correction of arithmetical errors in accordance with ITT 31.1;
- (c) price adjustment due to discounts offered in accordance with ITT 14.4;
- (d) price adjustment due to quantifiable nonmaterial nonconformities in accordance with ITT 30.3;
- (e) price adjustment due to application of the additional evaluation factors specified in Section III, Evaluation and Qualification Criteria; and

- (f) converting the amount resulting from applying (a) to (e) above, if relevant, to a single currency in accordance with ITT 32;
- 34.3 The estimated effect of the price adjustment provisions of the Conditions of Contract, applied over the period of execution of the Contract, shall not be taken into account in tender evaluation.
- 34.4 If the Tender Document allows Tenderers to quote separate prices for different lots (contracts), the methodology to determine the lowest evaluated cost of the lot (contract) combinations, including any discounts offered in the Letter of Tender, is specified in Section III, Evaluation and Qualification Criteria.
- 34.5 The Purchaser's evaluation of a Tender will exclude, and not take into account:
- (a) In the case of Goods manufactured in the Purchaser's Country, all sales and other similar taxes, applicable in the Purchaser's Country and payable on the goods if a contract is awarded to the Tenderer.
 - (b) In the case of Goods manufactured outside the Purchaser's Country, already imported or to be imported, all customs duties and other import taxes levied on the imported Goods, sales and other similar taxes, applicable in the Purchaser's Country and payable on the Goods if the contract is awarded to the Tenderer.
 - (c) Any allowance for price adjustment during the period of execution of the contract, if provided in the Tender.
- 34.6 The Purchaser's evaluation of a Tender may require the consideration of other factors, in addition to the Tender Price quoted in accordance with ITT 14. These factors may be related to the characteristics, performance and terms and conditions of purchase of the Goods and Related Services. The effect of the factors selected, if any, shall be expressed in monetary terms to facilitate comparison of Tenders, unless otherwise specified in the **TDS** from among those set out in Section III, Evaluation and Qualification Criteria. The criteria and methodologies to be used shall be as specified in ITT 34.2(e).

35. Comparison of Tenders

- 35.1 The Purchaser shall compare the evaluated costs of all substantially responsive Tenders established in accordance with ITT 34.2 to determine the Tender that has the lowest evaluated cost. The comparison shall be on the basis of CIP (place of final destination) prices for imported goods and EXW prices, plus cost of inland transportation and insurance to place of final destination, for goods manufactured within the Purchaser's country, together with prices for any required installation, training, commissioning

and other services. The evaluation of prices shall not take into account custom duties and other taxes levied on imported goods quoted CIP and sales and similar taxes levied in connection with the sale or delivery of goods.

**36. Abnormally Low-
Priced Tenders**

36.1 An Abnormally Low-Priced Tender is one where the Tender price, in combination with other constituent elements of the Tender, appears unreasonably low to the extent that it raises material concerns with the Purchaser as to the capability of the Tenderer to perform the Contract for the offered Tender price.

36.2 In the event of identification of a potentially Abnormally Low-Priced Tender, the Purchaser shall seek written clarifications from the Tenderer, including a detailed price analyses of its Tender price in relation to the subject matter of the contract, scope, delivery schedule, allocation of risks and responsibilities and any other requirements of the Tender Document.

36.3 After examining the clarifications given and the detailed price analyses presented by the Tenderer, the Purchaser may:

- (a) accept the Tender, if the evidence provided satisfactorily accounts for the low price and costs, in which case the Tender is not considered abnormally low;
- (b) accept the Tender but require that the amount of the Performance Security be increased at the expense of the Tenderer to a level sufficient to protect the Purchaser against financial loss in the event of default of the successful Tenderer under the contract. The amount of the Performance Security shall generally not be more than 20 percent of the Contract Price; or
- (c) reject the Tender if the evidence provided does not satisfactorily account for the low tender price, and make a similar determination for the next lowest evaluated Tender, if required.

**37. Post-
Qualification of
the Tenderer**

37.1 The Purchaser shall determine, to its satisfaction, whether the Tenderer that is selected as having submitted the lowest evaluated cost and substantially responsive Tender, meets the qualifying criteria specified in Section III, Evaluation and Qualification Criteria.

37.2 The determination shall be based upon an examination of the documentary evidence of the Tenderer's qualifications submitted by the Tenderer, pursuant to ITT 17. The determination shall not take into consideration the qualifications of other firms such as the Tenderer's subsidiaries, parent entities, affiliates, subcontractors (other than specialized subcontractors if permitted

in the Tender Document), or any other firm(s) different from the Tenderer.

37.3 An affirmative determination shall be a prerequisite for award of the Contract to the Tenderer. A negative determination shall result in disqualification of the Tender, in which event the Purchaser shall proceed to the Tenderer who offers a substantially responsive Tender with the next lowest evaluated cost to make a similar determination of that Tenderer's qualifications to perform satisfactorily.

38. Purchaser's Right to Accept Any Tender, and to Reject Any or All Tenders

38.1 The Purchaser reserves the right to accept or reject any Tender, and to annul the tender process and reject all Tenders at any time prior to Contract Award, without thereby incurring any liability to Tenderers. In case of annulment, all Tenders submitted and specifically, tender securities, shall be promptly returned to the Tenderers.

39. Standstill Period

39.1 The Contract shall not be awarded earlier than the expiry of the Standstill Period. The Standstill Period shall be ten (10) Business Days unless extended in accordance with ITT 44. The Standstill Period commences the day after the date the Purchaser has transmitted to each Tenderer the Notification of Intention to Award the Contract. Where only one Tender is submitted, or if this contract is in response to an emergency situation recognized by the Purchaser, the Standstill Period shall not apply.
